Smart Features

Let's see what is the main difference between smart alarm & conventional alarm system

- | | |
|---|--|
|  <p>SMART DEFENCE
Intelligent Logic make life simple. It will automatically put your home in Arming Mode when you leave the house. You will never forget to arm the alarm again.</p> |  <p>PARTITION SYSTEM
You have up to 8 arming partition that work independently.</p> |
|  <p>SMART STAY
Your alarm now can be activated all days even you are at home, when you open door or walking outside, the alarm won't trigger and won't disturb your neighbour.</p> |  <p>SCHEDULE ARMING
You can set time schedule for automatically arm and disarm all day.</p> |
|  <p>SMART BUTTON
Simple Arm and Disarm control for your parents, no complicated password to be remembered.</p> |  <p>SMART PLAYBACK
When alarm trigger, a notification pop up in mobile can easily let you view back what happened at that moment.</p> |
|  <p>SMART REMOTE CONTROL
Stay Arming, Away Arming, Panic Button, Silent or Partition Arming can be done in one remote control.</p> |  <p>SMART ANALYSIS
The system equipped with self check features that always performed well. Notify user if any unusual thing happened. We can simply check back all the faulty by log.</p> |
