Smart Wireless Alarm

Security System

Connect your home security to internet

WiFi

PSTN

GSM

- DIY Alarm
- 24 Hours Protection
- Wireless Technology

MODEL

W1 WiFi + PSTN

Low-battery prompt | WiFi | APP | Easy Install

Features

- English
- Low battery indication
- 8 wireless zones
- Support wireless linkage control
- Support remote home appliance control
- Support App

Technical parameters

- Modulation Mode : ASK
- Frequency : 433MHz / 868MHz
- Receiving Distance : >100m
- Power supply : USB 5V
- Static Current : <100mA
- Operating Currents : <100mA
- Material : ABS
- Code Mode : Millions Group Code

Package :

RSP : RM 588

Please search "W1" in playstore / appstore

W18 WiFi + GSM

Touch | WiFi | APP | Easy Install

Features

- English
- Host Low-battery reminder
- 1.7inch TFT color display
- 99 wireless zones
- Support wireless linkage control
- Support remote home appliance control
- Support App
- Touch panel
- Back up polymer battery

Technical parameters

- Modulation Mode : ASK
- Frequency : 433MHz
- Receiving Distance : >100m (Open area)
- Power supply : USB 5V back-up polymer battery
- Static Currents : <50mA
- Operating Currents : <450mA
- Material : ABS
- Built - in Alarm Loudness : 80dB

Package :

RSP : RM 788

Please search "W18" in playstore / appstore

W2 WiFi + GSM + PSTN

Touch | WiFi | APP | Easy Install

Features

- English
- Low battery indication
- 2.4 inch TFT Color Display
- 99 wireless zones
- Support wireless linkage control
- Support remote home appliance control
- Support App
- Touch control operation

Technical parameters

- Modulation Mode : ASK
- Frequency : 433MHz/868MHz
- Receiving Distance : >100m
- Power supply : USB 5V back- up polymer battery
- Static Currents : <100mA
- Operating Currents : <450mA
- Material : ABS
- Code Mode : HS1527 Code
- Built- in Alarm Loudness : 80dB

Package :

RSP : RM 1088

Please search "W2" in playstore / appstore

ACCESSORIES

A-MS / A-MSR

Wireless Magnetic Detector

> High quality with shining ABS Material
> Quality stable and reliable
> Exquisite fashion design, mild surface
> Built- in high- performance all-directional antenna
> Frequency: 433MHz
> Receiving Distance: >100m (open area)
> Low Voltage Prompt: LED flash consistently

A-MS A-MSR

RSP : RM 68 RSP : RM 78

Low-Battery Prompt | Easy Install

A-VB

Wireless Vibration Detector

> Power: DC 12V(12V 23A Battery)
> Standby Currents: Less than 25uA
> Alarm Current: Less than 20mA
> Case Material: ABS Plastics
> Operating Temperature: -10-55degrees
> Operating Temperature: Than 80% (No Coagulation)
> Wireless Transmitting Frequency: 315MHz/433MHz(75KHz)
> Wireless Transmitting Distance: Less Than 80m (open area/non-interfering)

RSP : RM 118

Wireless

A-PIR

Wireless PIR Detector with Built-In Antenna

> External adapter: DC5V
> Internal battery: 3 AAA battery
> Alarm current: ≤ 20mA
> Detection range: 6-12 meters / 110 degrees
> Wireless distance: ≥150 meters (open area/no interference)
> Wireless transmitting frequency: 315 MHZ / 433 MHZ (+ 75 KHZ)
> Shell material: ABS plastics
> Detector size: 106 x 65 x 44 mm

RSP : RM 118

Wireless

A-PIRC

Wireless PIR ceiling Detector

> Ceiling/door/window/curtain PIR sensor
> Internal battery: DC 9V 6F22
> Alarm current: ≤ 20mA
> Detection range: 8- 12 meters / 110 degrees
> Wireless distance: 300 meters in open area
> Wireless transmitting frequency: 433 MHZ / 868 MHZ (+ 75 KHZ)
> Shell material: ABS plastics

RSP : RM 126

Wireless

A-TS

Temperature & Humidity Sensor

> Easy to operate and use .
> Range of temperature and humidity is adjustable.
> Temperature measure unit can be set in Fahrenheit (F) or Celsius (°c).
> Send alarm signals to the appropriate host when alarms.
> Can connect with external temperature sensors, temperature probes can detect the temperature out of the environment

RSP : RM 178

Microprocessor Control | Wireless | Precise Detection

A-PBR

Take-along Emergency Button

> Dazzling blue LED light prompt
> Can hang on
> Four button, all- direction operation

RSP : RM 58

LED Light Prompt | Wireless

A-WKB

Ultra Slim Wireless Keypad

> Host low- voltage prompt
> Tamper design
> RFID swipe card function
> Touch screen control operation

RSP : RM 268

Touch | Wireless | Low-Battery Prompt

A-WPTC

IP Camera Alarm System

> Support APP
> 99 wireless zones
> Support wireless linkage control
> Mobile touch control or computer operation
> Short range and remote
> Monitor and video
> WiFi/On-line Alarm

RSP : RM 428

Easy Install | Wireless

A-SHPS

WiFi Smart Socket

> Remote control home appliance
> Built-in Super memory function
> Unique design

RSP : RM 98

WiFi connect, Support remote linkage control

Wireless

A-IS

Multi-function Wireless Siren

> Memory function
> 110dB alarm sound
> AC/DC
> As wireless siren

RSP : RM 158

High Decibel | AC / DC | Wireless | Easy Install

A-ES

Wireless Outdoor Strobe Siren

> Can control the signal control, flash has a positive or negative trigger signal, the voice has a positive or negative trigger signal
> Away from the wall tamper opening the lid tamper,Flash about 65 times per minute
> Strobe Siren with Backup Battery
> Rated Current: 300mA
> LED Color: Red, blue and others
> Size: 210*130*65mm

RSP : RM 228

Easy Install | Wireless

A-ESS

Solar Strobe Siren

> Solar recharge battery
> Low battery indication
> Anti- tamper Alarm
> Support wired linkage alarm
> Four alarm voice adjustable
> 8 level alarm volume adjustable

RSP : RM 388

Low-Battery Prompt | Touch | Easy Install | Solar Recharge

A-SD

Smoke Detector

> The volume: ≥ 80dB
> Power supply: DV9V
> Battery life: Carbon- zinc batteries - about 1 year
> Alkaline batteries - about 3 years
> Output form: sound alarming
> Execution standard: Gb4715- 2005
> Weight: about 135g (include battery)

RSP : RM 98

A-WE

Remote wireless signal transfer

> Double antenna transceiver, the signal can cover 1000 m range
> The built-in high quality voice chip, all the voice prompt operation process
> Comes with two cable sectors, can choose short circuit alarm alert or open
> Built-in high capacity rechargeable batteries
> Can be used as a field alarm, flexible and convenient

RSP : RM 358

Wireless

A-RCR

Remote Control

> Build- in omnidirectional antenna
> Working Voltage: 12VDC; A623
> Wireless Frequency: 315 MHZ /433MHz
> Transmission Range: 100m ~300m(Open area) Working
> Current: 15 mA
> Coded IC: 1527

RSP : RM 148

Wireless

Features

- Mobile apps control
- Wireless Technology
- Smart home control
- Low Battery notification
- DIY Plug and Play installing
- Power failure battry Back-up
- SMS Control
- 24 hours Protection
